

Shtetl-Optimized

If you take nothing else from this blog: quantum computers won't solve hard problems instantly by just trying all solutions in parallel.

[6.893 Philosophy and Theoretical Computer Science](#)

The First Law of Complexodynamics

[Setting Time Aright](#)

[here](#)

[here](#)

[opening talk](#)

[Second Law](#)

[From Eternity to Here](#)

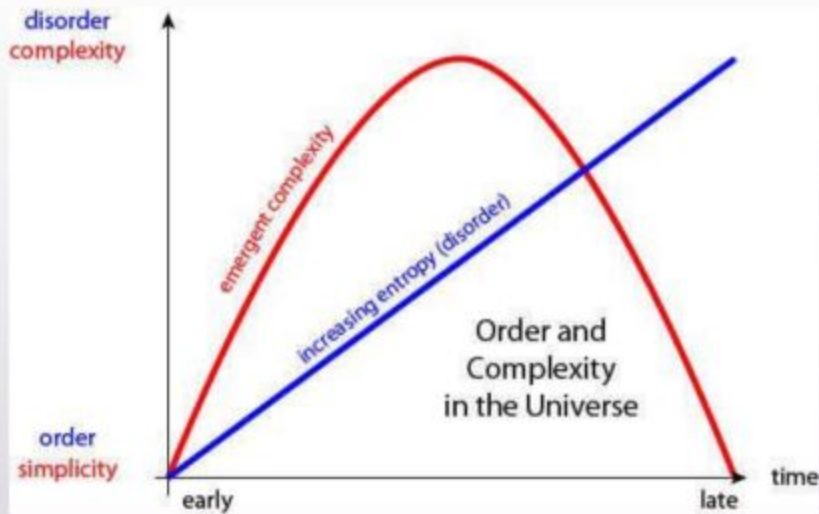

Entropy increases.
Complexity first increases, then decreases.

low entropy
low complexity

medium entropy
high complexity

high entropy
low complexity

Is there a law of thermodynamics governing the evolution of complexity?

[sophistication](#)
